## Easy Cleaning Tips

### Tips Maid Just For You!

- The best refrigerator cleaner is a combination of salt and soda water. The bubbling action of the soda water combines with the abrasive texture of the salt to make a great cleaner.
- Make your old cutting boards shine again by rubbing a lemon half over the board to help remove food stains and smells. For an extra oomph, sprinkle it with salt or baking soda first.
- Get rid of any lingering food smells in the kitchen by running a couple of lemon rind slivers through your garbage disposal, then follow with cold water.
- Wash your windows on a cloudy day to ensure that the sun won't dry the cleanser before you're done wiping.
