Celebrate the Changes

The Best Fall Decorations to Help You Welcome

Autumn to Your Home

Fill your home with warm hues, plush textures, and natural materials to celebrate the changing season. With summer coming to an end, it's time to transition your home decor. We've rounded up a few of our favorite fall decor ideas that are easy and inexpensive!

Dried Flower Wreath

To create this stunning wreath, nestle dried branches, flowers and grass into the wreath form and be sure they are secure by weaving them into the wreath base. Start with larger items and add smaller, thinner items on top. Then, wire the dried fruit on last with floral wire by threading through the holes and wrapping it around the wreath form.

Press Leaf Gallery Wall

It's surprisingly simple to create your own pressed leaf art. Once you gather the prettiest leaves from your backyard, you can press them between the pages of a large book or between layers of wax paper with heavy books on top. A few days later, you can put them in rustic picture frames to recreate this gallery wall.

Painted Pumpkin Vase

Along with using your pumpkin as a vase, take it a step further and paint the outside in a fun pattern. A combo of moon and stars is always a good idea in our book.
